JOIN THE CHALLENGE

Did you know? Too much sodium can lead to high blood pressure, heart disease and stroke. More than 800,000 people die each year from these and other vascular diseases. The related health care costs a decade ago were

\$273 BILLION

Find the form, *Spot the Salt Blackout*, at
H:\Public\WorkWellNMC\Challenges.

Community Health Needs Assessment

Make your voice heard! What do you think are our health needs across the county?

Give 10 minutes to make Harvey County better. Complete the Community Health Needs Assessment below:
